

“Why Can’t This Child Get to Class?” Learn How ME/CFS* Keeps Youth from Attending School

Myalgic Encephalomyelitis / Chronic Fatigue Syndrome

**An online continuing nursing education program for School Nurses and colleagues,
offered by Northeastern University School Health Academy with joint provider,
Massachusetts ME/CFS & FM Association**

*Featuring the medical perspective from content experts: Dr. Peter C. Rowe (left),
Pediatrician, Director, Children's Center Chronic Fatigue Clinic at Johns Hopkins, and Professor of
Pediatrics, and Lisa Hall, R.N. (right), Senior Nurse at Northampton Integrative Medicine, one of
Massachusetts' largest clinics serving patients with chronic illness, such as ME/CFS.*

*And featuring the patient and family perspective, with personal stories told by two parents who
both have a child who has ME/CFS.*

**Learn about this debilitating disease which the CDC calls America’s hidden health
crisis. This chronic illness impacting students causes prolonged school absence and
students need long-term care and accommodations. Hear from a leading
pediatrician treating patients with ME/CFS, and from parents of children with
ME/CFS.**

Northeastern University School Health Academy is located within Northeastern University School of Nursing, an accredited provider of continuing nursing education by the American Nurses Credentialing Center’s Commission on Accreditation.

Nurses will earn **3.25 contact hours** and school counselors, social workers or teachers will earn **3.25 Professional Development Points (PDPs)**; to earn credit participants must view the full program, answer all the questions, and read the supporting materials.
